Dear Friend,

Big Brothers Big Sisters is making a BIG impact in the lives of young people every day across the U.S. and in your own community. Our mission is to provide youth facing adversity with strong and enduring, professionally supported 1-to-1 mentoring relationships that change their lives for the better, forever. It costs $1,500 a year for each match between a volunteer mentor and a youth from a single parent family or one in the foster care system, including the application, screening, interview, training and ongoing professional support.

Your participation will help us make a BIG positive difference in the lives of the youth in our community and help them reach their potential.
